

WFAE-55F OPEN FRYER

WFAE-55F OPEN FRYER

Wells WFAE-55F High Production Open Auto Lift Fryers are engineered to meet today's high quality food service standards. These fryers give the user the highest production available in the industry today, while only requiring 4.9 square feet of floor space and using up to 25% less oil than similar models.

Features

- **Automatic Oil Temperature Control** ensures precise temperatures to produce consistent high quality products while minimizing energy consumption.
- **Flat bar elements**, located below the basket, are heavy-duty stainless steel with a low watt density for longer oil life.
- **The solid state control** on the **WFAE-55F** incorporates a seven key programmable time and temperature menu.
- **Repeat cycle timer** activates using one push button operation.
- **Paperless filtration system** reduces labor and cleans oil more efficiently, and combined with Flavor Saver Filter Powder, will **substantially increase oil life**.
- **Automatic basket lift cradle** raises basket above oil at end of timed cook cycle, maximizing handling safety.
- **Frypot** is constructed of stainless steel and robotically welded for durability.
- **Fryers** are Underwriters Laboratories, Inc. LISTED and meet NSF International standards.
- **A one-year warranty** against defects covers parts and labor.
