

Shift Your Ventless Kitchen *into* **OVER- DRIVE**

Introducing the Wells® Twin Turbo™
The next level in ventless frying.

Fry Like You Mean It

The Wells® Twin Turbo™ fryer combines next-level capacity with smart innovation, so you can offer more menu options and increase sales.

ADDITIONAL KEY FEATURES

- Full 3-stage ventless filter system with 800 cfm fan motor
- Auto oil-life monitoring
- Semi-auto oil filtering
- Built-in fire suppression system
- Sleek design with minimal seams/fasteners

Also available as a **fryer-only model**

Expand Your Productivity & Versatility

- Two 55-lb. vats, each independently powered and controlled
- Drops four baskets individually or two double-sized baskets

Ideal for High-Capacity Ventless

This is the perfect frying solution for any c-store, coffee shop, concession or other retail operation that wants to ramp up its foodservice capability without investing in a major building renovation. Also great for any operation that needs a frying boost but has limited hood space.

Make Frying Super Simple

- Each vat features its own 10.1-in. intuitive touchscreen
- Recipe, temperature and cycle-time programmable
- Use the preprogrammed options or upload your own

Almost no thinking required!

Dump product in the basket, push the proper menu button and walk away. The Twin Turbo does the rest!
